Product Description

Indoor Three Color Good Fabric Horizontal Double Layer Roller Zebra Blind For Living Room

This curtain embroidered the thorn flower on the curtain fabric, which is more complicated than the ordinary finished curtain, but the flower pigment is elegant and more solemn, and the playfulness is a little noble.

Zebra curtain is a kind of textile fabric woven by small pieces of fabric and gauze with equal width, which is fixed at one side and rolled with the shaft at the other side to adjust the light. When the gauze and gauze overlap, the light line is relatively soft, reducing the direct light to a certain extent. When the cord fabric and the cord fabric are staggered, the light is completely blocked, so as to finally achieve the purpose of blocking the light. When the curtain needs to be fully opened, the curtain can be fully rolled up. Zebra blinds combine the warmth of fabric, the simplicity of roller blinds and the dimming function of blinds. The curtain is easy to operate, with diversified shading forms, and does not hinder the vision. It is an ideal choice for office and home window decorations.
